

valuation allowances would be eliminated.

- Because loans in process would no longer be reported on Schedule SC, the OTS proposes to add outstanding balances of loans-in-process for construction loans, other mortgage loans, and nonmortgage loans to Schedule CC.

- Due to the supervisory concern over the increase in delinquencies of consumer loans, the OTS proposes to add data regarding consumer loan delinquencies in Schedule PD. This would provide comparability between schedules SC, VA, and PD and facilitate the calculation of ratios for monitoring purposes.

- Because there is a supervisory concern over the increase in amounts reported in "Other" categories in the TFR, the OTS proposes to require that the amounts of the three largest items comprising the amount an association reports in Other Assets, Other Liabilities, Other Noninterest Income, and Other Noninterest Expense be identified through selection of codes provided from a list in the TFR instructions. Correspondingly, the OTS proposes to delete three line items from the Other Asset category and three line items from the Other Liabilities category.

- In order to provide consistent presentation with the other banking agencies and to conform to generally accepted accounting principles (GAAP), the OTS proposes to require the consolidation of subsidiary depository institutions where required by GAAP. Data items would be added to Schedule SQ identifying any savings associations or commercial banks that have been consolidated.

- The OTS proposes to modify the data collected in Schedule SC on loan servicing to conform to SFAS 125, which takes effect January 1, 1997. This data would be consistent with that collected by the other banking agencies.

- To facilitate the calculation of the deposit insurance assessment base, the FDIC has requested that the OTS add two items in Schedule SI to collect data on the netting of items against demand and time and savings deposit accounts.

- Reciprocal demand accounts would be reported net in Schedule SC to conform with GAAP, and to conform with the 1997 proposed changes of the other banking agencies, resulting in the elimination of one line item in Schedule SI.

- On July 3, 1996, the FDIC proposed to amend certain provisions of its assessment regulations that pertain to institutions that belong to one insurance fund but hold deposits that are insured

by the other insurance fund (known as Oakar institutions). One data item in Schedule SI would be replaced with three new items, eliminating the need for completion of the annual growth adjustment worksheet.
